Celebrate your
new baby with

Bubbles of Joy

**and make an impact in our
maternity department.**

Making an Impact

Gifts made through **Bubbles of Joy** will provide funding towards programs and new initiatives throughout the Center for Maternal and Newborn Care at Penn Medicine Princeton Medical Center (PMC), including support for the nurses who were at your bedside.

Here are a few examples of what your gift can impact:

Angel Eyes

This platform provides live-streaming and one-way audio access for parents and loved ones with a newborn in the Neonatal Intensive Care Unit (NICU).

Heart Safe Motherhood

This is a text-based program that makes it convenient for mothers to monitor their blood pressure after birth.

Baby Sleep Sack

This program provides parents with a sleep sack which is an evidence-based recommendation to help reduce the risk of Sudden Infant Death Syndrome (SIDS).

Bubbles of Joy is a great way for grandparents to honor their new grandbabies.

Nursing Staff & Training

Supporting nursing education and professional development helps our nurses to pursue advanced degrees, specialized training, and clinical certifications.

As a thank you for your gift of \$150 or more:

Your baby's first name will be featured on the **Bubbles of Joy mural**, located on the maternity floor, for a minimum of 5 years. Your baby will also receive a birthday card and a custom onesie or t-shirt to commemorate being born at PMC.

Donor's name will appear on the Foundation's annual donor listing online, as well as the digital display located on the hospital's first floor—unless you choose to remain anonymous.

Enclosed is my gift of \$_____ in support of Princeton Medical Center Foundation's **Bubbles of Joy Program**.
 Make sure to fill out the back of this form if you are gifting \$150 or more!
