

# Nursing Board Council

## Purpose

The purpose of the Nursing Board Council is to make decisions on those initiatives put forward by individual councils within the Department of Nursing. The Nursing Board Council is the governing body for all of Nursing Shared Governance at Princeton Medical Center.

## Goals

The goal of the Nursing Board Council is to:

- Vote upon policies, initiatives, and or decisions set forth by the individual hospital councils for final approval
- Participate in the development, approval, and implementation of the Nursing Strategic Plan including periodic reviews for progress
- Oversee the work plans of the individual hospital councils as updated annually
