OUTPATIENT IOP and PHP: 888.437.1610, option 2 / FAX: 609.683.6840

Intensive Outpatient Programs (IOP) services are three hours per day, three days per week. Partial Hospital Programs (PHP) are six hours per day, five days per week. All patients are evaluated and followed by a psychiatric provider (psychiatrist or psychiatric advanced practice nurse), and participate in a full schedule of therapy, psycho educational groups, allied clinical therapies, and services specific to their individualized treatment plan, including nursing and nutritional consults as needed. Due to current telehealth regulations, out-of-state residents are only seen in-person.
