Physician Giving Program

LEADERS IN MEDICINE. LEADERS IN PHILANTHROPY.

Thank you for the extraordinary work you do every day to keep our community healthy.

Together, we can make a difference!

The Physician Giving Program is designed specifically to raise awareness and grow a community of physician leaders. Moreover, your generosity improves the lives of those who need help the most - our patients.

When you become a member of the Physician Giving Program, you empower others in our healthcare community, strengthen the financial core of our institution, and encourage your peers to view philanthropy as an act worthy of their consideration.

Joining the Physician Giving Program is the perfect way to demonstrate your commitment to excellence in medicine and the well-being of a community that depends on the highest levels of care at Princeton Health.

The Importance of Giving

As a member of this very special giving program, you will join others who, like you, believe that philanthropy at Princeton Health is an investment in patient services, medical training, professional programming and best-in-class care for all patients.

Our Purpose

The purpose of the Physician Giving Program is to promote and encourage gifts in support of the:

- **Annual Fund**
- **Employee Benevolent Fund** (which supports our colleagues facing personal financial hardship)
- **Specific Department or Program** (your own department or program, the clinic, nursing education, etc.)

Giving Societies

As leaders within the medical staff community here at Princeton Health, your support is vital to our success. Our Giving Societies have been structured to ensure that participation is attainable at any level.

For your consideration:

◇	Member	\$500
◇	Leadership Society	\$1,000
◇	Partner	\$2,500
◇	President’s Circle	\$5,000
◇	Friend of the Foundation	\$10,000
◇	1919 Society	Physicians who have included PMC in their estate plans.
